Judge Calls Closed Session

So The People May Know

(An Editorial)

County Judge Lloyd King adjourned commissioners court Monday, asked a Canyon News reporter to leave and then held a closed impromptu session with the county's four commissioners.

In issue is the fact that Judge King willfully challenged the right to know of the people who pay his wages — the people of Randall County.

Three of the commissioners contacted on the meeting agreed that the judge used "poor judgment" in his handling of the matter.

They declared that they had been caught by surprise by Judge King's request.

"I always have been and always will be against closed meetings," said Commissioner Clarence Beckman.

Since no representative of The News was present, we have no means of knowing definitely what was discussed in the meeting. It might have been one or more of any number of things.

It could have been county finances. Commissioners court handles hundreds of thousands of dollars of taxpayers' money. If it were, then what possible reason could there be for keeping the discussion a secret from the folks who foot the bill?

If it were schools, (Judge King is ex-officio county school superintendent) what is more the people's business than schools?

If it were conduct in office of some county official, past or present, Judge King, himself an attorney, should know that the Randall County grand jury, not Commissioners Court, is the place to take such a matter. Judge King also should be aware that deliberations of a grand jury are secret and that he would need have no fear of premature publicity if he were to discuss such a matter with that body.

Judge King Tuesday noted that it is not the place of the newspaper to run the office of county judge. This newspaper has never sought to interfere with a judicial decision in county court.

Neither is it the prerogative of the county judge to presume to edit this newspaper by capricious whim or secret meeting.

Wherever the people's right to know is challenged The Canyon News will do battle without hesitation.

Funds Increase Slated For WTSU

An increase of \$500,144 in net general revenue appropriations has been given West Texas State University for the coming fiscal year.

The total legislative appropriation for 1965-66 is \$2,475,144, according to WT President James P. Cornette. The increase will be distributed mainly among an instructional salaries allotment, the Killgore Research Center and the library.

While the WT budget was also increased by \$745,147, a cut in expenses for university publications and public relations.

Pittard TV Guest Monday

David Pittard, son of Mr. and Mrs. Bob Pittard, will appear on national television Monday from New York City.

Pittard will be a contestant on Password, NBC panel show. Television and Broadway personalities appearing on the show will be Frank Gifford, former New York Giants football player, and Anita Gillette, Broadway star.

The show will be televised on Channel 4 of Amarillo at 1 p.m. Monday.

David is a 1965 graduate of Canyon High School, and was one of the top 11 graduating seniors.

The Pittards have been in New York for several weeks, according to word received this week from the family.

DAVID PITTARD

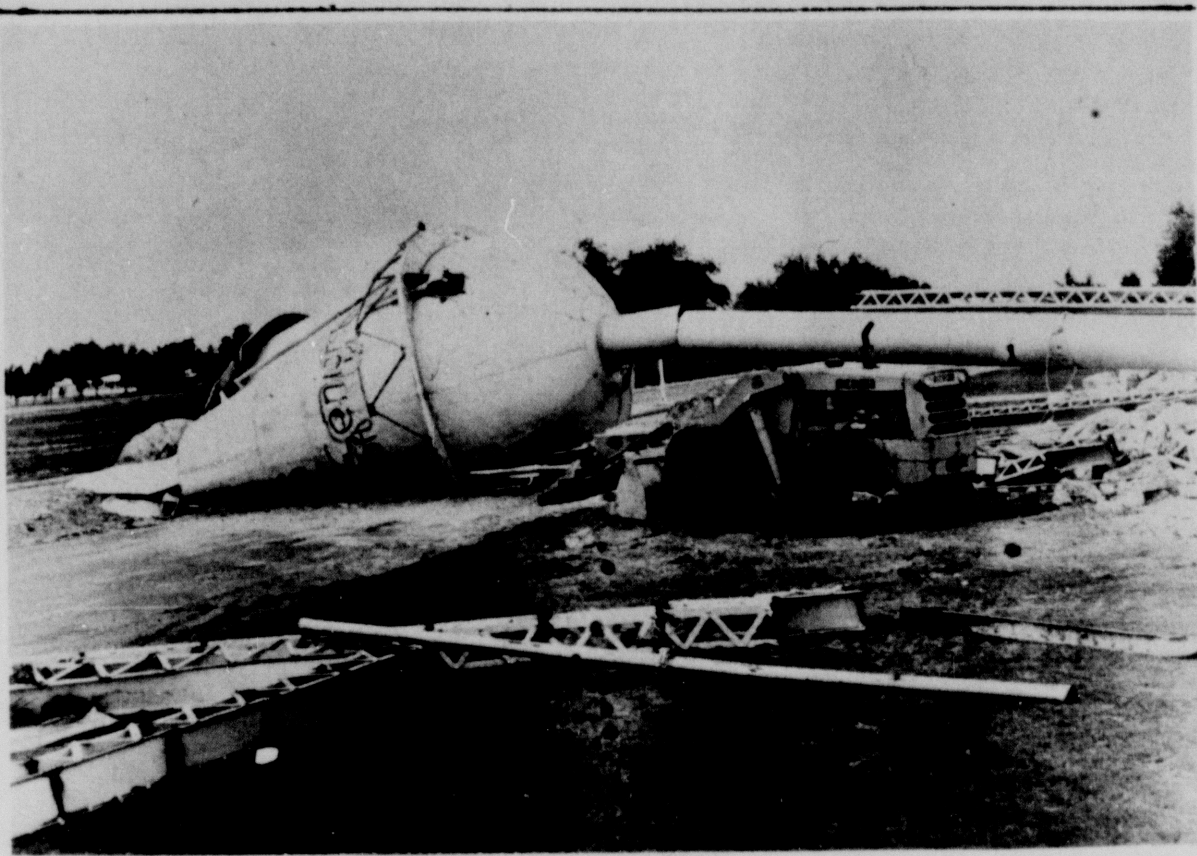

The Eyes Have It!

It took a Randall County court jury just five minutes Tuesday to find Millard Charles Vincent, 40 years old, Amarillo, not guilty of driving while intoxicated.

Under cross examination by Defense Attorney R.C. Hamilton, an Amarillo policeman testified that both Vincent's eyes were bloodshot at the time of his arrest.

Hamilton jabbed the defendant in the eye with a fountain pen. Vincent didn't flinch. The eye was artificial.

"You could have heard it clink clear across the court room," declared Prosecutor George Dowlen.

The old water tower on West Texas State University campus came down with a crash Sunday afternoon, and bricks came tumbling after. Resting on the street west of its former location, the tower seemed to be taking a long

deserved nap, after standing in place for some 55 years. WTSU officials recently ordered the tower torn down, to facilitate additional construction.

State Funds Allotted For Museum Addition

The Panhandle-Plains Historical Museum received a total of \$340,000 in state appropriations from the 59th Legislature last week.

The grant is for construction of a Texas Hall of Government as part of the 4-story wing being added to the museum. The hall will occupy at least one floor of the wing, which is expected to cost \$270,000. Plans are being drawn by John Hannon of Amarillo.

The hall will house a collection of documents and papers of both former and active members of the Senate and House. Older documents are being requested from families of deceased legislators.

The appropriations bill was

Dunn Heads Lions Club

James Dunn was installed as president of Canyon Lions Club Wednesday during ceremonies held at the regular noon meeting.

Oscar Hinger will serve as first vice president of the organization, and George Dowlen was installed as second vice president.

Floyd Lassiter is third vice president, and Jim Rapko will be lion tamer. Dr. W.J. Wooten will be tail twister and Burney Slack will be treasurer. Joe Gibson will serve as secretary.

Newly elected board of directors include Glen Aplin, Tom MacOwen and Larry Hooper. Clyde McDonald was elected honorary board member.

City Spraying For Mosquitos

Mosquito spraying is underway in Canyon according to city manager Dewey Bryant.

Bryant said this week that the duster is servicing the entire town once a week.

"We will double the dosage, and we will begin spraying instead of dusting," Bryant explained.

The duster is driven down streets and alleys throughout town, and the process will continue throughout the summer.

Commissioners Award Bids

Canyon City Commissioners Monday night awarded a low bid of \$21,583.30 for installation of utilities in Hunsley Hills Addition to Foran Construction Company of Amarillo.

Dewey Bryant, city manager, told commissioners the city would be responsible for some \$15,000 of the project, and Hunsley Hills would pay the city \$500 for each lot in the division as it is sold with five percent interest on the outstanding balance.

The balance will be due in 10 years, according to Bryant. Bryant also pointed out that if the lots are sold in total the balance will be due.

An agreement between the city and Hunsley Hills was signed Tuesday morning.

Commissioners passed ordinance 295 on the first and final reading revising electric utility rates within the city.

Joe Gidden, Canyon office manager of Southwestern Public Service met with the board recently to request the ordinance change.

The ordinance will unify the rate structure assessed by Southwestern Public Service for electric service rendered in the city.

Commissioners also agreed to give West Texas State University permission to tap a newly installed 8-inch water main which loops the university.

University officials plan to install a 6 inch water meter at the tap.

Bill McMorries, city engineer, recommended the university be allowed to tap the water main.

Merchants Meet Today

Retail merchants of Canyon will meet today, Thursday, at 10 a.m. for the monthly coffee session.

Benny Cooper, Chamber of Commerce committee chairman, said the group will hear George Dowlen, Randall County District Attorney, discuss hot check and bad debt laws.

"Dowlen will explain steps to take to collect from hot checks and bad debts," Cooper explained.

The meeting will be held in the American Legion Hall.

Rain Causes Wheat Delay

Rain came again Monday night with a total of .45 inches reported in Canyon, slowing down wheat harvest this week.

The latest moisture brings the city total to 6.31 inches for the month of June, while the year's total stands at 10.98 inches.

The Monday rain caused a delay in harvest Tuesday except in areas on the edge and west of town. Mid-week figures were therefore not available from Arnold Pritchard of Consumers Elevator, but Pritchard expected farmers to bring in larger yields again Wednesday.

Good yields have been received this year, with irrigated wheat showing approximately 45 bushels an acre. This is as good or better than last year, according to Stan Elliott, manager of the Farmers Elevator. It has proven very dry, and Elliott reports the testing weight as 61-62 pounds per bushel. He estimates 60-70 per cent of irrigated wheat has been cut.

Donkey Softball Saturday

A donkey softball game sponsored by the Canyon Junior Chamber of Commerce will be held Saturday night at the Randall County Sheriff's Posse Arena.

The game begins at 8 p.m. with Jaycees from Happy challenging the Canyon club.

Admission will be \$1 for adults and 50 cents for children. A special family ticket for 5 is selling at \$2.50. Advance ticket sales are being held at the Spudnut Shop and Taylor & Son Food this week.

A concession stand will be operated during the two-hour game by the Canyon Jaycee-Ettes.

Some 10 donkeys will be used in the local money-making project according to Larry Hicks, Jaycee chairman.

Even Lyndon Does It King Declares

Randall County Judge Lloyd King called a closed meeting of County Commissioners Monday afternoon.

District Attorney George Dowlen and a Canyon News reporter were asked to leave the Commissioners' Courtroom after the regular session had been adjourned.

"We invite the press to leave," King told the reporter.

Following the 10-minute session King said, "You will not find out from me what was discussed."

The four County Commissioners, B.R. Jones, Clarence Beckman, Glenn Dowlen and Bill Butler, agreed they would not disclose what had been discussed during the meeting.

Commissioner Jones said, "The matter dealt with something of the past, and was not a big case."

"But I gave my word I would not discuss the matter, and I will not."

Jones continued saying, "I respect your job to cover the fact that we did meet in closed session. But I didn't call the meeting, and I cannot divulge our conversation."

King told the reporter, "You can do what you want about the session. You will not find out from me what was discussed. However, there were other men at the meeting and they may tell

you."

Judge King noted Tuesday that even Lyndon Johnson sometimes finds it necessary to withhold information from the press.

During the regular business session, Commissioners

Publisher Supports Reporter

Randall County commissioners met with Canyon News Publisher Troy Martin Wednesday morning to discuss circumstances surrounding the Monday meeting from which News Reporter Margo Williams was asked to leave.

Consensus of commissioners was that Publisher Martin or Amarillo Globe-Times Reporter Paul Bascus would have been allowed to remain in the meeting had they been present. Martin was out of town Monday and Bascus did not attend the commissioners court meeting that day.

Publisher Martin contended that Miss Williams holds an executive position with The News as its city editor and (See Publisher, Page 7)

New Phone System At WT

West Texas State University will spend a possible \$50,000 on telephones next fall.

Virgil Henson, comptroller, said a new system of phones is being installed at WT, and will include direct-dialing telephones in each dormitory room.

Henson said another switchboard will be added to the two already in use at WT and three full time operators will be employed. The operators will be on duty from 7 a.m. to about 10:30 p.m. daily.

Telephones in dorm counselors' apartments and dorm pay phones will be connected at all times. But, Henson pointed out, the switchboard will close after a certain time nightly.

The changeover in telephone service is due to an expected increase in enrollment at the university, according to the comptroller.

"We will not pay for any of the installation," Henson said. "Southwestern Bell Telephone Company will install the phones at no cost to us."

The university will pay rent on all the phones.

"The new system could cost us up to \$50,000 to \$60,000

a year," Henson explained. "This will depend on how many students we have living in the dorms and how many stay throughout the year."

"This cost is not above our usual telephone expense. But add what the new system may cost, to our present telephone bill, and it may run to \$50,000," Henson pointed out.

He continued by explaining, "This will all depend on the number of students this fall."

University students can reach anyplace on campus by dialing a four-digit number. Calls go directly to the dormitory rooms or the business offices.

Henson said students will pay for the phones through room (See New, Page 7)

Saturday Is Final Fun Night

Only three days left to spend several hours of fun at Canyon Lions Club Carnival!

The show will close Saturday, June 26, after a week of fun. Rides and concessions are located on the parking area east of Rex Reeves Elementary School, and open each evening, through Saturday, at six. Lights at the carnival go out at ten.

Both kids and grownups are assured of a good time, with rides including a ferris wheel, merry-go-round, scrambler, octopus, and caterpillar, and similar amusements for kiddoes.

Randall County's 11 home demonstrations clubs are sponsoring a concession stand.

Proceeds from the carnival go into the Lions Activity Fund, with all prizes furnished by the club.

Baseball Edition

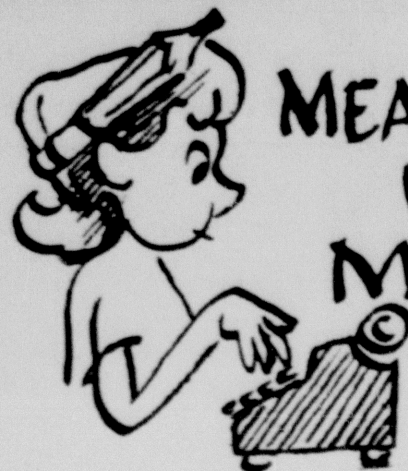

Annual baseball edition, featuring pictures and stories on Pee Wee, Little League, Babe Ruth, American Legion and softball teams will be featured next week.

Copies of the paper will sell at the regular price and additional pictures may be ordered by contacting the news office.

Dave Leonard, son of Mr. and Mrs. Buddy Leonard, looks somewhat inquisitive during his ride at Canyon Lions Club carnival Monday evening. The carnival opens each evening at 6 p.m. and

closes at 10, and will run through Saturday. We'll bet that Dave will be back for more riding, despite the look on his face. Boys and cars just naturally go together, you know.

MEANDERING WITH MARGO

Several insurance company representatives met with Randall County Commissioners Monday, and one of the gentlemen made the statement, "we cover anything from an ingrown toenail to major death."

Commissioner B. R. Jones mentioned he would like to have something nearer the minor kind. "Something not quite so permanent," Jones quipped.

see, but I do suggest that you postpone the visit for another couple of weeks.

Right now all you will be able to see are tables and desks stacked high, dust rolling out of rooms, and your nostrils will fill with "turpentine" paint. Doesn't smell at all like a newspaper office.

Been helping coach a girls softball team, and what an experience.

I recommend it for everyone. Not only are these youngsters bright, eager kiddoes, but a coach gains so much personally.

For instance, I was trying to bat, and the little pitcher, Gail Downing, struck me out.

"That means you are extremely good, or I'm extremely poor," I answered.

"I think it is the latter," suggested an infielder.

Mrs. Ples Harper mentioned that several folks who have attended the big summer production in Pioneer Theatre were directed that way because of word-of-mouth advertising.

One couple told her that they had stopped in Canyon to fill their car up with gas.

"They had planned to go on north to camp out, but the station attendant told them about the amphitheatre. So they attended the show and spent the night in the Canyon," Mrs. Harper said.

Another couple heard about the show on the radio when driving through town.

This all means that each of us can do our part to attract more people to the theatre, to Palo Duro Canyon State Park, to Buffalo Lake and to our town.

A comment to visitors might be the spark needed to encourage them to the canyon and the spectacular show, "Thundering Sounds of the West."

Talk about chaos—we are in the middle of remodeling the office, and "tain't easy."

But through perseverance, hard work, and very little sense we have survived the first week.

Plans call for enlarging Troy's office, adding more backshop area in the back, and building a couple of offices for the advertising department.

This of course will also enlarge the editorial department, and the reception-bookkeeping area.

I invite you in to have a look—

Water Fight Results In Hospital Stay

Water fights can be dangerous according to Thomas Glen Sims who was hospitalized overnight at Neblett Hospital in Canyon last Friday.

Sims, a sophomore student at West Texas State University, was sunning on the patio at Gunther Hall when he and several friends were doused with cold water.

"We chased him back into the building and I slipped and fell," says Sims.

"I laid down a while later and don't remember anything until about 7 o'clock the next morning," the sophomore from Bronte, near San Angelo, stated.

Sims was reported to be feeling fine this week after being released from the hospital early Saturday morning.

Canyon Story Is East Coast News

News has spread to the East Coast of the Pioneer Theatre production of "Thundering Sounds of the West" at Palo Duro Canyon State Park.

The following article appeared in the New York Times and was written by Florence Lemkowicz:

"The yawning abyss of Palo Duro Canyon, in Palo Duro Canyon State Park southeast of here, will be lighted by a son-et-lumiere Old West production this summer. From Thursday through Sept. 6, "Thundering Sounds of the West" will be performed nightly, except Tuesdays, in the Canyon Pioneer Amphitheatre.

"The 1,000-seat outdoor theater has been built with a 600-foot bluff as a backdrop, and at a cost of \$350,000. Most of the funds for the new theater were raised by the Panhandle Heritage Foundation, which solicited money for the project from the local citizenry. The Texas State Parks Board was a principal contributor, giving \$25,000.

"Where once dinosaurs, mammoths, Indians and pioneers roamed, dramatic lighting effects will enliven the gorges and canyons. Cowboys—many of them speech and dra-

ma students from West Texas State University—will gallop down the cliffs while the narrator's voice booms the history of Palo Duro. Simultaneously, music will echo through the surrounding hills.

"Along with reviving the pioneering past of Palo Duro and adding culture to the Panhandle, hopes are high that the summer spectacular will promote tourism and bring national recognition to the canyon.

"Palo Duro Canyon is spectacular without any lighting at all, for it was created by 90 million years of water and wind erosion, and four geologic ages are now exposed. The state park covers more than 15,000 acres of the canyon.

"The tourist who comes here to see "Thundering Sounds of the West" might take the circle trip from Amarillo, traveling on U.S. 66 to State Route 217 and then on to Palo Duro Canyon State Park. The park admission is \$1 a car.

"Tourists can explore the canyon on horseback or on foot. Picnic areas are equipped with grills.

"If one drives along the seven miles of the canyon floor, at dusk, the canyon appears to change color and is particularly impressive. There is also a two-mile train trip that one can take for close-ups of the colorful rock formations.

"The son et lumiere show is scheduled to begin at 8:15 p.m. Since Panhandle nights are cool, warm clothing is suggested. Admission to the show will be \$1 for adults and 50 cents for children."

Mrs. Tom Keeling Has Cool Weather Recipes

Recipes for Jalapeno Dressing and Green Chili Enchiladas are shared with readers by our homemaker of the week, Mrs. Tom Keeling.

Mrs. Keeling, the mother of three youngsters, is one of the five children of Mrs. Alfred Bellah and the late Alfred Bellah. She was born Mary Ann Bellah, February 1928, in Canyon. Brothers J.C. and Robert are also Canyon residents, as is her sister, Mrs. R.E. Barnard. Her brother, Max, lives in Phoenix.

Mary Ann grew up in Canyon, just as the city began its major growth, and received her degree from West Texas State in primary education. While she was teaching in Eunice, N.M., she met and married Tom Keeling, a native of that city.

The Keelings have only recently returned to live in Canyon, and of this, Mary Ann says--"We lived in Canyon for about seven months right after Scott was born, about nine years ago. But, that was the year of the big snow. Since then, we've lived several different places. Canyon gained the family as residents last July, when they moved here from Midland, building a four-bedroom home on 15th Street.

The move immediately involved all the family in activities. Keith, the oldest boy, is 13, and lists sports as his

favorites. He was active in athletics at Canyon Junior High this year, and also participated on the track team. Presently, he's a member of the White Sox, Babe Ruth League baseball team, which his dad coaches.

Son Scott, age 9, is a busy member of Den 2, Cub Scout Pack 97, and currently holds Wolf rank, though he lacks only a few points reaching Bear. Monster models hold much fascination for the energetic fourth grader, who is also working on improving his swimming.

Daughter Mary Kate, 7, is a member of Brownie troop 17 and confides, "all I like to do is play records--and Barbie dolls."

The Keeling family also owns a toy fox terrier, Pepper, who shares some of the spotlight, some of the time.

Tom, who owns Randall County Building Corporation, does much of his work out of the Keeling home. Mary Ann doubles as "telephone answerer," as she smilingly notes. Mary Ann counts member-

"She sends high school boys and girls, who are members of the Red Cross, out to locate these people who Linda has received calls about," explained Mrs. Burgess.

Mrs. Burgess said the family heard from Linda soon after the waters began to rise in Denver.

"She told us she was safe, and we have heard from her several times since then," the mother said.

Miss Burgess, who teaches school at East High School in Denver, is also sponsor of the high school Red Cross organization.

"She has been involved in the most dramatic experiences she has ever known," Mrs. Burgess said.

Visiting with Miss Burgess during the time of the storm was Mary Rose Longbine, daughter of the Bill Longbines of Amarillo, formerly of Canyon.

"Mary Rose is a sophomore at Tascosa High School, and Linda has put her to work with the Red Cross groups," Mrs. Burgess explained.

Randall County 4-H girls will stage their annual Dress Revue July 13 at Canyon High School. The program, open to the public, will begin at 8 p.m. in the high school auditorium. Awards will be presented to winners.

Rehearsal for the 8 p.m. program will be at 6 p.m., according to Mrs. Sally Pulley, Randall County Home Demonstration Agent.

All records and garments are due July 9 at 9 a.m. in the Junior Livestock building for judging. Mrs. Pulley said. Garments will be judged on the girls beginning at 9 a.m., followed by judging of garment construction.

Both junior and senior divi-

sion winners will be chosen in each of four categories. First year girls will display all-cotton skirts; second year girls, shift or simple blouse-all cotton; third year girls, dress with zipper application-similar to a shirtwaist. Fourth year girls may enter any garment which conforms to 4-H standards in construction.

Overall junior and senior winners will represent Randall County at district competition July 20 at Holiday Inn-West in Amarillo. Only senior entries will be judged in district competition.

Girls who were nine by January 1, 1965 are classified as juniors. To be classified as senior entrants, girls must have been 14 by January 1, 1965.

Plans for the annual revue were made by members of the 4-H clothing committee. Mrs. Aaron Cummins is chairman, assisted by Mrs. Leroy Boehning, Mrs. Lewis Tuck, and Mrs. L.C. Robinson. Mrs. Pulley also aided the committee.

Goodmans Plan Trip

Mr. and Mrs. A. K. Goodman will leave in early July on an extended vacation and tour of western states.

The couple's first stop will be in Colorado where they plan to visit his mother, Elise Goodman. Then to Kadoka, South Dakota for a family reunion and to Spear Fish, South Dakota, for the passion plays there.

The couple will also visit with relatives and go sightseeing and fishing in Spokane, Seattle, and Yakima, Washington. They will return by way of Toledo, Oregon for some salmon fishing with additional stops in Blackfoot, Idaho, and Denver, Colorado area to visit relatives.

Mr. and Mrs. W. A. Patton were at Carlsbad Caverns recently on a short weekend trip. Last weekend the Pattons visited in Miami with his mother, Mrs. N. M. Maddux.

Leadership training for Methodist campworkers began last week at the Polk Street campgrounds northwest of Canyon. Leading the course was Rachel Divers, far left, of Lubbock, who is Northwest Texas Conference camp director. KP chores are handled by, from left, Mrs. George Collard of Spearman, Mrs. Clyde Briley

of Lockney, Rev. Weldon Rives of Levelland and Rev. Kenneth Argenbright, of Polk Street Methodist Church in Amarillo. Representatives from the 8 districts in the conference were in attendance for the day camp, along with some 30 youngsters from Polk Street and San Jacinto Methodist churches in Amarillo.

Terrazzo floor covering will be used in the entire first floor of the courthouse, except in the men's restroom, according to architect Russell Megert.

Commissioners court discussed group hospitalization for all county employees but no decision was reached.

Representatives of three insurance companies met with the court to discuss various policies.

A replay in Lake Stockton was approved by Commissioners.

and board charges.

"The cost of room and board will not go up this fall over what we had made plans for," Henson noted.

Students will pay \$300 a semester for room and board beginning in the fall of this year. Last year students buying a "short meal ticket" paid \$290. The "long ticket" cost \$370.

"This year we decided on one fee, instead of the short and long tickets," Henson said. "So actually we raised the short ticket \$10 a semester."

Southwestern Bell Telephone Company will provide some 30 outside lines to the campus. In the past WT has had about fifteen outside lines.

"Students will be able to dial the number 9 and reach an outside line," said Jim Hopson, Southwestern Bell Telephone Company wire chief.

Hopson said the WT project was begun in March of this year and should be completed by the first of September.

as State Colleges approved a total operational budget for WT of \$5,055,311.66 for 1965-66. Another \$1,070,000 is in the budget for next year, according to Henson. Of that amount \$525,000 will go into construction of the Killgore Research Center; \$215,000 to an applied science building; and \$330,000 for an addition to the library.

Desk Sale Underway

"E.E.H.," "L.H. and L.W.," "Dave C."

Remember when? That is, when study hall period rolled around each day, and pencils and pen points dug into the wooden desks -- forever "enshrining" fond memories?

That desk can now belong to you. Canyon Junior High School has received authorization to sell some 87 desks, all of the "old school," which were formerly in the study hall and library areas.

L.H. Brotherton, principal of the junior high school, said that desks will be on sale for \$1 each through the month of June. "We have names of some very prominent citizens of Canyon engraved on the desks," Brotherton noted, "although many names have disappeared during refinishing."

How long have the desks been here? "Oh, as long as I have," Brotherton commented, "Some 18 or 19 years, at least."

"The sale begins when the first persons arrives," Brotherton added, "and ends when the last desk is gone--it's first come, first served."

Desks like mother used to have? Larry Schilling, left, and L.H. Brotherton place desks in neat rows at Canyon Junior High School prior to a big desk sale. Some 87 desks, all of the

"old model" are on sale through the month of June for \$1 each. Persons wishing desks should contact Brotherton, principal at Canyon Junior High, or go by the principal's office.

Boy Scout Camp Ranked "Class A"

Camp Don D. Harrington, camp of Llano Estacado council, Boy Scouts of America, received a class A rating last week during a regional inspection.

The camp, located some eight miles northeast of Canyon at six-mile crossing, was rated on 100 different points by Bob Glew, deputy regional Scout executive of Dallas. Camp facilities received 98 out of a pos-

sible 100 checkmarks.

Included in standards for rating were campsite description and use, operating and program practices, personnel and training, camp records, health, safety, and sanitation.

Of the 100 items listed on rating sheet, some 66 are required and must be checked for an A rating. In order to receive Class A, camps must have from 91-100 checks overall. Only five percent of Scout camps throughout the nation rank in the top rating class.

Monty Stokes, camp director, who is assistant council Scout executive, said this is the fourth year for the camp to receive such a rating. Bill Nichols of Amarillo is program director.

"We currently have 11 troops in camp, with 11 adult leaders, and a staff of 34 Scouters," Stokes said. "There are a total of eight weeks of camp, with approximately 175 boys each week."

Working on the staff of the camp this summer is Pat Jarrett, son of Dr. and Mrs. Robert Jarrett. He is serving as an instructor in signaling and first class, as well as merit badge work.

Four troops in Randall district, encompassing Canyon and Happy, will be attending the camp this summer. Troop 197, Newton Richardson, scoutmaster, attended last week. Troop 66, led by LeeRoy Moreland, is at the camp this week, with troop 108, Dick Ziegler, scoutmaster, scheduled for next week. Troop 34 of Happy will attend later in the summer.

Both the Sunday school and training union organizations are promoting a program to "Seek the Summit for the Savior," according to Jesse Sutton, educational director.

"We want to invite everyone to stay after the supper and visit in our training union," Sutton said.

Sunday school is seeking to witness to 6851 persons in 13 Sundays, with training union goal set at 1638 persons in 13 Sundays.

BETTER COOLING--MORE COMFORT

exclusive with WRIGHT AIR COOLERS

Evaporation of water, coupled with moving air, causes a cooling effect we can feel for maximum cooling efficiency, an evaporative air cooler must have all cooling pads equally saturated. Uneven water distribution, dry pads, or dry areas on pads will greatly reduce cooling efficiency and comfort. That's why these features of Wright's exclusive Equi-Flow Water System are so important, and why a Wright air cooler gives you better cooling and more comfort.

New Cattle Business Begins Here

Randall County ranchers will have a new cattle sales business to work with, within 60 days.

Canyon Livestock Commission Company, owned and operated by Mr. and Mrs. H.K. Carpenter of Amarillo, will open its doors to farmers and ranchers August 7.

The company will specialize in sale of dairy cattle and calves, whose closest sales outlet now is in Fort Worth, and will also sell other types of cattle.

Dairy cattle will be sold every day, with a big sale scheduled

for every Saturday. A large arena is being constructed for the sale, featuring good seating, air conditioning and a snack bar, and will be located five miles south of Canyon (US 87) and 3/4 mile west on the Buffalo Lake Road (FM 1714).

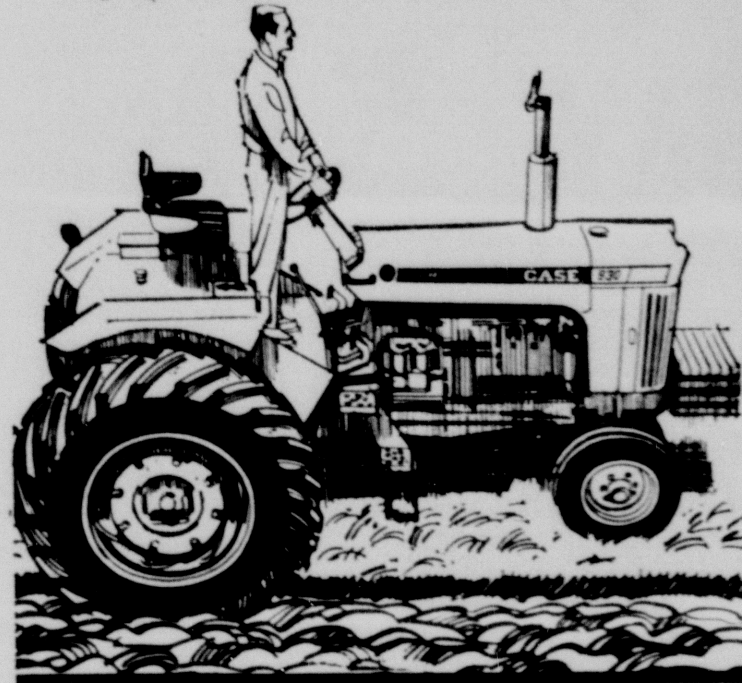

When completed, the company will be state approved, bonded, and licensed.

Carpenter, his wife, and two daughters, Candy, 12, and Judy, 9, are also constructing a home near the arena and are now living in Canyon.

All persons are invited to visit the company, while it is under construction, look around, and get acquainted, Carpenter said.

Mrs. T.B. McCarter, chairman, conducted the meeting, and made the announcement of the selection. The building will be marked by a plaque and a Texas Historical Building Medallion. Awards were given with the cooperation of Record, Appreciate, Mark, Preserve and Survey Committee of Texas, the county Commissioner's Court, and from a substantial donation by Mrs. Ed Harrell in 1964, Mrs. McCarter said.

A general discussion was held concerning other persons and places to be commemorated in the county.

A folder that can be purchased and shown in motels, featuring Texas scenes, was presented to committee members for viewing.

Members present for the meeting were Mrs. C.L. Wilson, Miss Mae Simmons, Roland Black, J.W. Kleinschmidt, Mrs. Emilio Caballero, and Mrs. McCarter.

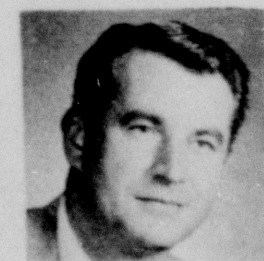

MEMORIAL PLAQUES which will be displayed on the entrance wall of Pioneer Theatre in Palo Duro Canyon State Park are shown by Mrs. Bonnie Whittington, Texas Panhandle Heritage Foundation office manager.
